

THE PLAZA METROPOLITAN DISTRICT NOS. 1-3
2022 CONSOLIDATED STATUTORY ANNUAL REPORT

Pursuant to §32-1-207(3)(c), The Plaza Metropolitan District Nos. 1-3 (collectively the “**Districts**”), the Districts are required to provide an annual report to the City of Lakewood with regard to the following matters:

For the year ending December 31, 2022, the Districts make the following report:

§32-1-207(3) Statutory Requirements

1. Boundary changes made.

There were no changes made to the Districts’ boundaries in 2022.

2. Intergovernmental Agreements entered into or terminated with other governmental entities.

The Districts did not enter into or terminate any intergovernmental agreements during 2022.

3. Access information to obtain a copy of rules and regulations adopted by the board.

The Districts’ rules and regulations can be found at <https://theplazamd1and2.com/> and <https://theplazamd3.com/>.

4. A summary of litigation involving public improvements owned by the Districts.

To our actual knowledge, based on review of the court records in Jefferson County, Colorado and the Public Access to Court Electronic Records (PACER), there is no litigation involving the Districts’ public improvements as of December 31, 2022.

5. The status of the construction of public improvements by the Districts.

The Districts’ did not construct any public improvements in 2022.

6. A list of facilities or improvements constructed by the Districts that were conveyed or dedicated to the county or municipality.

The Districts have not constructed any facilities or improvements that were conveyed or dedicated to the county or municipality as of December 31, 2022.

7. The final assessed valuation of the Districts as of December 31st of the reporting year.

The final assessed valuations of the Districts are attached hereto as **Exhibit A**.

8. A copy of the current year's budget.

Copies of the 2023 Budgets are attached hereto as **Exhibit B**.

9. A copy of the audited financial statements, if required by the "Colorado Local Government Audit Law", part 6 of article 1 of title 29, or the application for exemption from audit, as applicable.

The 2022 Audit Exemption Applications for District Nos. 2 and 3 are attached hereto as **Exhibit C**. The 2022 Audit for District No. 1 is attached hereto as **Exhibit D**.

10. Notice of any uncured defaults existing for more than ninety (90) days under any debt instrument of the Districts.

To our actual knowledge, there are no uncured events of default by the Districts which continue beyond a ninety (90) day period, under any Debt instrument.

11. Any inability of the Districts to pay their obligations as they come due under any obligation which continues beyond a ninety (90) day period.

To our actual knowledge, the Districts have been able to pay their obligations as they come due.

**THE PLAZA METROPOLITAN DISTRICT NO. 1
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized by Court Order on January 2, 2001, to provide construction, installation, financing and operation of public improvements, including streets, drainage improvements, traffic and safety controls, park and recreation facilities, water, sewer, television relay and translators, mosquito and pest control, and other improvements needed for the Development. The District was organized in conjunction with other related districts, Plaza Metropolitan District No. 2 and Plaza Metropolitan District No. 3. Under the consolidated Service Plan, District No. 1 is to be the Service District and District Nos. 2 and 3 are to be the Financing Districts. The Service District will finance the majority, construct all, and may own and operate some of the public facilities. The Financing Districts will generate the majority of tax revenues sufficient to pay the debt service on the costs of the capital improvements. The District's service area is located entirely within the City of Lakewood (City), Jefferson County, Colorado. The service area constitutes the Belmar development project (Development) in the City.

On November 7, 2000, District electors approved revenue indebtedness of \$100,000,000 for street improvements, \$7,000,000 for traffic safety, \$25,000,000 for parks and recreation, \$36,000,000 for water supply system, \$35,000,000 for sanitary sewer system, \$12,000,000 for television relay system, \$12,000,000 for public transportation, \$7,000,000 for mosquito control, \$7,000,000 for general operations and maintenance. The District electors also approved \$246,000,000 for debt associated with intergovernmental contracts and \$241,000,000 for refinancing of District debt. The election also approved an annual increase in taxes of \$200,000 for general operations and maintenance, and \$5,000,000 in revenues other than ad valorem taxes.

On May 7, 2002, District electors approved revenue indebtedness of \$100,000,000 for street improvements, \$7,000,000 for traffic safety, \$36,000,000 for water supply system, \$35,000,000 for sanitary sewer and storm drainage system, \$25,000,000 for parks and recreation, \$12,000,000 for television relay system, \$12,000,000 for public transportation, \$7,000,000 for mosquito control and \$7,000,000 for general operations and maintenance. The District electors also approved \$241,000,000 for debt refunding, \$246,000,000 for reimbursement of advances and \$246,000,000 for operating and maintaining facilities. The election also approved an annual increase in taxes of \$500,000 for general operations and maintenance.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Public Improvement Fees/Offsite Revenues

The District collects a public improvement fee (PIF) of 2.5% (net) on taxable sales generated within the Belmar Tax Increment Area. During 2023, it is anticipated that the District will receive \$5,100,000 in public improvement fees.

Pursuant to the Public Financing Amendment to the Redevelopment Agreement between Plaza Metropolitan District Nos. 1-3, the City of Lakewood, the Lakewood Reinvestment Authority and

THE PLAZA METROPOLITAN DISTRICT NO. 1
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS

Revenue – (continued)

Continuum Development Company, LLC, the District is entitled to all property tax revenue generated within the Belmar Tax Increment Area. During 2023, it is anticipated that the District will receive \$7,272,535 in incremental property tax revenue and \$253,232 in outparcel tax revenue. The District is also entitled to receive property tax revenue from the Offsite Tax Increment Area up to a maximum amount of \$500,000 inflated at 3% per year (base year 2002), which for 2023 is \$930,147.

Maintenance Fee

Pursuant to an agreement, SOF-X Belmar Holdings, L.P. performs operational and maintenance functions within the District. SOF-X Belmar Holdings, L.P. charges the District for their share of these expenses, as well as a management fee. The District charges these amounts to the entities that own the commercial property. The amount charged by SOF-X Belmar Holdings, L.P. for operations and maintenance is anticipated to be \$1,800,000 and \$150,000 for management services for 2023, respectively. This amount is also budgeted as a Developer advance from the entities that own the commercial property.

Maintenance Reimbursement from City

On May 14, 2004, the District entered into an IGA with the City, whereby the District is to perform certain maintenance functions that the City would normally perform. In exchange for the District providing these services, the City is reimbursing the District \$54,500 annually, as inflated. The amount anticipated for 2023 is \$83,847.

Pledged Lodging Tax Revenue

Pursuant to the Public Financing Amendment and the Supplemental Financing Agreement, the City agrees that it will rebate and pledge 1.5% of the City's 3% Lodging Tax imposed on all taxable lodging transactions occurring within the Belmar Tax Increment Area and the Belmar Outparcels Tax Increment Area. During 2023, it is anticipated that the District will receive \$65,000 in Lodging Tax.

Transfers from Other Districts

The District anticipates the collection of taxes in District Nos. 2 and 3, which will be transferred to fund debt service expenditures of District No. 1. During 2023, it is anticipated that District No. 1 will receive \$339,226 from District No. 2 and \$182,222 from District No. 3.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 2.0%.

**THE PLAZA METROPOLITAN DISTRICT NO. 1
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Expenditures

General and Administrative Expenditures

General and administrative expenditures have been provided based on estimates of the District's Board of Directors and consultants and include the services necessary to maintain the District's administrative viability such as legal, accounting, managerial, insurance, meeting expense, and other administrative expenses.

Capital Outlay

The budget anticipates no construction activity during 2023.

Debt and Leases

The District issued \$98,900,000 Public Improvement Fee/Tax Increment Revenue Refunding Bonds, Series 2013, dated January 30, 2013, to refund Series 2003 and Series 2005 bonds, pay cost of issuance, and to pay off a portion of the outstanding developer advances. The interest rate of bonds is 2.00% to 4.90% with interest payments due on each June 1 and December 1. The bonds consist of term and serial bonds that are due each December 1 with final maturity on December 1, 2040.

The following is an analysis of anticipated changes in long-term obligations for the year ending December 31, 2021:

**THE PLAZA METROPOLITAN DISTRICT NO. 2
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized by Court Order on January 2, 2001, to provide construction, installation, financing and operation of public improvements, including streets, drainage improvements, traffic and safety controls, park and recreation facilities, water, sewer, television relay and translators, mosquito and pest control, and other improvements needed for the Development. The District was organized in conjunction with other related districts, Plaza Metropolitan District No. 1 and Plaza Metropolitan District No. 3. Under the consolidated Service Plan, District No. 1 is to be the Service District and District Nos. 2 and 3 are to be the Financing Districts. The Service District will finance the majority, construct all, and may own and operate some of the public facilities. The Financing Districts will generate the majority of tax revenues sufficient to pay the costs of the capital improvements. The District's service area is located entirely within the City of Lakewood, Jefferson County, Colorado.

On November 7, 2000, District electors approved revenue indebtedness of \$100,000,000 for street improvements, \$7,000,000 for traffic safety, \$25,000,000 for parks and recreation, \$36,000,000 for water supply system, \$35,000,000 for sanitary sewer system, \$12,000,000 for television relay system, \$12,000,000 for public transportation, \$7,000,000 for mosquito control, \$246,000,000 for debt associated with intergovernmental contracts, \$241,000,000 for refinancing of District debt, and \$7,000,000 for general operations and maintenance. The election also approved an annual increase in taxes of \$200,000 for general operations and maintenance, and \$5,000,000 in revenues other than ad valorem taxes.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-105 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Under the consolidated Service Plan, the District is limited to the imposition of a mill levy in an amount not to exceed 25 mills; provided, however, that in the event the method of calculating assessed valuation is changed after the date of approval of the Service Plan, the mill levy limitation provided for the District will be automatically increased or decreased to reflect such changes, so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor enhanced as a result of such changes. For the purposes of the foregoing, a change in the ratio of

2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues – (continued)

actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. On December 3, 2002, the date of the consolidated Service Plan, the ratio of actual valuation to assessed valuation was 9.15% and currently the ratio is at 7.15%. Since the District contains virtually no residential property, the District's mill levy will remain at 25.000 mills.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the Budget at the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected on the gross Assessed Value.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 2%.

Expenditures

Administrative Expenditures

All administrative functions for the District are to be performed by District No. 1.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Transfers to Other Districts

The District anticipates transferring all tax revenue in the total amount of \$339,226 to District No. 1's debt service fund.

Reserves

Emergency Reserve

Under the consolidated Service Plan and Master Intergovernmental Agreement, the District transfers all of its revenues to District No. 1, which has provided for an Emergency Reserve fund equal to at least 3% of fiscal year spending for 2023, as defined under TABOR.

Debt and Leases

The District has no debt issued and has no operating or capital leases.

**THE PLAZA METROPOLITAN DISTRICT NO. 3
2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Services Provided

The District was organized by Court Order on November 16, 2001, to provide construction, installation, financing and operation of public improvements, including streets, drainage improvements, traffic and safety controls, park and recreation facilities, water, sewer, television relay and translators, mosquito and pest control, and other improvements needed for the Development. The District was organized in conjunction with other related districts, Plaza Metropolitan District No. 1 and Plaza Metropolitan District No. 2. Under the consolidated Service Plan, District No. 1 is to be the Service District and District Nos. 2 and 3 are to be the Financing Districts. The Service District will finance the majority, construct all, and may own and operate some of the public facilities. The Financing Districts will generate the majority of tax revenues sufficient to pay the costs of the capital improvements. The District's service area is located entirely within the City of Lakewood, Jefferson County, Colorado.

On November 6, 2001, District electors approved revenue indebtedness of \$100,000,000 for street improvements, \$7,000,000 for traffic safety, \$25,000,000 for parks and recreation, \$36,000,000 for water supply system, \$35,000,000 for sanitary sewer system, \$12,000,000 for television relay system, \$12,000,000 for public transportation, \$7,000,000 for mosquito control, \$246,000,000 for debt associated with intergovernmental contracts, \$241,000,000 for refinancing of District debt, and \$7,000,000 for general operations and maintenance. The election also approved an annual increase in taxes of \$200,000 for general operations and maintenance, and \$5,000,000 in revenues other than ad valorem taxes.

The District prepares its budget on the modified accrual basis of accounting in accordance with the requirements of Colorado Revised Statutes C.R.S. 29-1-10 using its best estimates as of the date of the budget hearing. These estimates are based on expected conditions and its expected course of actions. The assumptions disclosed herein are those that the District believes are significant to the budget. There will usually be differences between the budget and actual results, because events and circumstances frequently do not occur as expected, and those differences may be material.

Revenues

Property Taxes

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April or, if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Under the consolidated Service Plan, the District is limited to the imposition of a mill levy in an amount not to exceed 20 mills; provided, however, that in the event the method of calculating assessed valuation is changed after the date of approval of the Service Plan, the mill levy limitation provided for the District will be automatically increased or decreased to reflect such changes, so that to the extent possible, the actual tax revenues generated by the mill levy, as adjusted, are neither diminished nor

2023 BUDGET
SUMMARY OF SIGNIFICANT ASSUMPTIONS**

Revenues – (continued)

enhanced as a result of such changes. For purposes of the foregoing, a change in the ratio of actual valuation to assessed valuation shall be deemed to be a change in the method of calculating assessed valuation. On December 3, 2002, the date of the consolidated Service Plan, the ratio of actual valuation to assessed valuation was 9.15% and for tax collection year 2022 the ratio was at 7.15%.

Senate Bill 21-293 among other things, designates multi-family residential real property (defined generally, as property that is a multi-structure of four or more units) as a new subclass of residential real property. For tax collection year 2023, the assessment rate for single family residential property decreases to 6.95% from 7.15%. The rate for multifamily residential property, the newly created subclass, decreases to 6.80% from 7.15%. Agricultural and renewable energy production property decreases to 26.4% from 29.0%. Producing oil and gas remains at 87.5%. All other nonresidential property stays at 29%.

Due to this ratio change, the District's mill levy was increased to 26.353 mills.

The calculation of the taxes levied is displayed on the Property Tax Summary page of the Budget at the adopted mill levy imposed by the District.

Specific Ownership Taxes

Specific ownership taxes are set by the State and collected by the County Treasurer, primarily on vehicle licensing within the County as a whole. The specific ownership taxes are allocated by the County Treasurer to all taxing entities within the County. The budget assumes that the District's share will be equal to approximately 7% of the property taxes collected on the gross Assessed Value.

Net Investment Income

Interest earned on the District's available funds has been estimated based on an average interest rate of approximately 2%.

Expenditures

Administrative Expenditures

All administrative functions for the District are to be performed by District No. 1.

County Treasurer's Fees

County Treasurer's fees have been computed at 1.5% of property tax collections.

Transfers to Other Districts

The District anticipates transferring all tax revenue in the total amount of \$182,222 to District No. 1's debt service fund.

Reserves

Emergency Reserve

Under the consolidated Service Plan and Master Intergovernmental Agreement, the District transfers all of its revenues to District No. 1, which has provided for an Emergency Reserve fund equal to at least 3% of fiscal year spending for 2023, as defined under TABOR.

Debt and Leases

The District has no debt issued and has no operating or capital leases.

This information is an integral part of the accompanying budget.

12-1 If you plan to submit this form electronically, have you read the new Electronic Signature Policy?

**Office of the State Auditor — Local Government Division - Exemption Form Electronic Signatures Policy and Procedures**Policy - Requirements

The Office of the State Auditor Local Government Audit Division may accept an electronic submission of an application for exemption from audit that includes governing board signatures obtained through a program such as DocuSign or EchSign. Required elements and safeguards are as follows:

- The preparer of the application is responsible for obtaining board signatures that comply with the requirement in Section 29-1-604 (3), C.R.S., that states the application shall be personally reviewed, approved, and signed by a majority of the members of the governing body.
- The application must be accompanied by the signature history document created by the electronic signature software. The signature history document must show when the document was created and when the document was emailed to the various parties, and include the dates the individual board members signed the document. The signature history must also show the individuals' email addresses and IP address.
- Office of the State Auditor staff will not coordinate obtaining signatures.

The application for exemption from audit form created by our office includes a section for governing body approval. Local governing boards note their approval and submit the application through one of the following three methods:

- 1) Submit the application in hard copy via the US Mail including original signatures.
- 2) Submit the application electronically via email and either,
 - a. Include a copy of an adopted resolution that documents formal approval by the Board, or
 - b. Include electronic signatures obtained through a software program such as DocuSign or EchSign in accordance with the requirements noted above.

Below is the certification and approval of the governing body. By signing, each individual member is certifying they are a duly elected or appointed officer of the local government. Governing members may be verified. Also by signing, the individual member certifies that this Application for Exemption from Audit has been prepared consistent with Section 29-1-604, C.R.S., which states that a governmental agency with revenue and expenditures of \$750,000 or less must have an application prepared by an independent accountant with knowledge of governmental accounting; completed to the best of their knowledge and is accurate and true. Use additional pages if needed.

Print the names of ALL members of the governing body below.**A MAJORITY of the members of the governing body must complete and sign in the column below.**

Accountant's Compilation Report

Board of Directors
The Plaza Metropolitan District No. 2
Jefferson County, Colorado

Management is responsible for the accompanying Application for Exemption from Audit of The Plaza Metropolitan District No. 2 as of and for the year ended December 31, 2022, included in the accompanying prescribed form. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statements included in the accompanying prescribed form nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements included in the accompanying prescribed form.

The Application for Exemption from Audit is presented in accordance with the requirements of the Colorado Office of the State Auditor, which differ from accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of the Colorado Office of the State Auditor and is not intended to be and should not be used by anyone other than this specified party.

We are not independent with respect to The Plaza Metropolitan District No. 2.

12-1 If you plan to submit this form electronically, have you read the new Electronic Signature Policy?

**Office of the State Auditor — Local Government Division - Exemption Form Electronic Signatures Policy and Procedures**Policy - Requirements

The Office of the State Auditor Local Government Audit Division may accept an electronic submission of an application for exemption from audit that includes governing board signatures obtained through a program such as Docusign or Echsign. Required elements and safeguards are as follows:

- The preparer of the application is responsible for obtaining board signatures that comply with the requirement in Section 29-1-604 (3), C.R.S., that states the application shall be personally reviewed, approved, and signed by a majority of the members of the governing body.
- The application must be accompanied by the signature history document created by the electronic signature software. The signature history document must show when the document was created and when the document was emailed to the various parties, and include the dates the individual board members signed the document. The signature history must also show the individuals' email addresses and IP address.
- Office of the State Auditor staff will not coordinate obtaining signatures.

The application for exemption from audit form created by our office includes a section for governing body approval. Local governing boards note their approval and submit the application through one of the following three methods:

- 1) Submit the application in hard copy via the US Mail including original signatures.
- 2) Submit the application electronically via email and either,
 - a. Include a copy of an adopted resolution that documents formal approval by the Board, or
 - b. Include electronic signatures obtained through a software program such as Docusign or Echsign in accordance with the requirements noted above.

Below is the certification and approval of the governing body. By signing, each individual member is certifying they are a duly elected or appointed officer of the local government. Governing members may be verified. Also by signing, the individual member certifies that this Application for Exemption from Audit has been prepared consistent with Section 29-1-604, C.R.S., which states that a governmental agency with revenue and expenditures of \$750,000 or less must have an application prepared by an independent accountant with knowledge of governmental accounting; completed to the best of their knowledge and is accurate and true. Use additional pages if needed.

Print the names of ALL members of the governing body below.**A MAJORITY of the members of the governing body must complete and sign in the column below.**

Accountant's Compilation Report

Board of Directors
The Plaza Metropolitan District No. 3
Jefferson County, Colorado

Management is responsible for the accompanying Application for Exemption from Audit of The Plaza Metropolitan District No. 3 as of and for the year ended December 31, 2022, included in the accompanying prescribed form. We have performed a compilation engagement in accordance with Statements on Standards for Accounting and Review Services promulgated by the Accounting and Review Services Committee of the American Institute of Certified Public Accountants. We did not audit or review the financial statements included in the accompanying prescribed form nor were we required to perform any procedures to verify the accuracy or completeness of the information provided by management. Accordingly, we do not express an opinion, a conclusion, nor provide any form of assurance on the financial statements included in the accompanying prescribed form.

The Application for Exemption from Audit is presented in accordance with the requirements of the Colorado Office of the State Auditor, which differ from accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of the Colorado Office of the State Auditor and is not intended to be and should not be used by anyone other than this specified party.

We are not independent with respect to The Plaza Metropolitan District No. 3.

Independent Auditors' Report

Board of Directors
The Plaza Metropolitan District No. 1
Jefferson County, Colorado

Opinions

We have audited the accompanying financial statements of the governmental activities and each major fund, of The Plaza Metropolitan District No. 1 (the "District") as of and for the year ended December 31, 2022, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of The Plaza Metropolitan District No. 1 as of December 31, 2022, and the respective changes in financial position and the respective budgetary comparison for the general fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America ("GAAS"). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of District, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Other Matters

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements as a whole. The individual fund budgetary schedules and property tax information listed in the accompanying table of contents are presented for purposes of additional analysis and are not a required part of the basic financial statements. The individual fund budgetary schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statements. The budgetary schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the budgetary schedules are fairly stated in all material respects in relation to the financial statements as a whole.

THE PLAZA METRO DISTRICT NO. 1
RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES, AND CHANGES
IN FUND BALANCES OF THE GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES
YEAR ENDED DECEMBER 31, 2022

Net Change in Fund Balances - Governmental Funds	\$ (804,121)
--	--------------

Amounts reported for governmental activities in the statement of activities are different because:

Governmental funds report capital outlays as expenditures. In the statement of activities, capital outlay is not reported as an expenditure. However, the statement of activities will report as depreciation expense the allocation of the cost of any depreciable asset over the estimated useful life of the asset. Capital outlay and depreciation expense in the current period are as follows:

Capital Outlay	360,353
Depreciation Expense	(821,736)

The issuance of long-term debt (e.g., bonds, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. The net effect of these differences in the treatment of long-term debt and related items is as follows:

Developer Advance	(1,796,989)
Accrued Interest on Developer Advances	(3,750,402)
Current Year Bond Principal Payment	5,290,000

Some expenses reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Accrued Interest on Bonds - Change in Liability	22,041
Amortization of Bond Premium	178,029

Changes in Net Position of Governmental Activities	\$ <u><u>(1,322,825)</u></u>

THE PLAZA METRO DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 1 DEFINITION OF REPORTING ENTITY

The Plaza Metropolitan District No. 1 (the District), a quasi-municipal corporation and political subdivision of the state of Colorado was organized on November 27, 2000, and is governed pursuant to provisions of the Colorado Special District Act (Title 32, Article 1, Colorado Revised Statutes). The District's service area is located entirely in the City of Lakewood (the City), Jefferson County, Colorado. The District was established to provide financing for water, streets, traffic and safety controls, sanitation, transportation, television relay and translator, mosquito and pest control, park and recreation, and operation and maintenance of the District. Pursuant to the Service Plan and the District Facilities Constructions and Service Agreement, the District is the Service District related to The Plaza Metropolitan District No. 2 (District No. 2), the commercial financing district, and The Plaza Metropolitan District No. 3 (District No. 3) the residential financing district. District Nos. 2 and 3 serve as the financing districts for the development of the service area, which encompasses the area of both the District and District Nos. 2 and 3 and is generally known as Belmar (the Project).

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements, which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District has no employees and all operations and administrative functions are contracted.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The more significant accounting policies of the District are described as follows:

Government-Wide and Fund Financial Statements

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. The effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes and intergovernmental revenues. The statement of net position reports all financial and capital resources of the District. The difference between the assets and liabilities of the District is reported as net position.

**THE PLAZA METRO DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022**

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Government-Wide and Fund Financial Statements (Continued)

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. The major sources of revenue susceptible to accrual are public improvement fees. All other revenue items are considered to be measurable and available only when cash is received by the District. The District determined that Developer advances are not considered as revenue susceptible to accrual. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation due.

The District reports the following major governmental funds:

The General Fund is the District's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The Debt Service Fund accounts for the resources accumulated and payments made for principal and interest on long-term debt of the governmental funds.

Budgets

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification.

THE PLAZA METRO DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Budgets (Continued)

The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

The District has amended its annual budget for the year ended December 31, 2022.

Pooled Cash and Investments

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash and investments.

Accounts Receivable

All accounts receivables are shown net of an allowance for uncollectibles. There are no allowances for uncollectibles.

Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, sidewalks, and similar items), are reported in the applicable governmental activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

Capital assets which are anticipated to be conveyed to other governmental entities are recorded as construction in progress and are not included in the calculation of invested in capital assets, net of related debt component of the District's net position.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Depreciation expense has been computed using the straight-line method over the following estimated economic useful lives:

Equipment – Parking Kiosks	20 Years
Infrastructure:	
Parking Structures	75 Years
Parks and Recreation	20 Years
Curb and Sidewalk	15 Years
Streets	15 Years
Signage	10 Years

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Amortization

Original Issue Discount/Premium

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

Equity

Net Position

For government-wide presentation purposes when both restricted and unrestricted resources are available for use, it is the government's practice to use restricted resources first, then unrestricted resources as they are needed.

Fund Balance

Fund balance for governmental funds should be reported in classifications that comprise a hierarchy based on the extent to which the government is bound to honor constraints on the specific purposes for which spending can occur. Governmental funds report up to five classifications of fund balance: nonspendable, restricted, committed, assigned, and unassigned. Because circumstances differ among governments, not every government or every governmental fund will present all of these components. The following classifications describe the relative strength of the spending constraints:

Nonspendable Fund Balance – The portion of fund balance that cannot be spent because it is either not in spendable form (such as prepaid amounts or inventory) or legally or contractually required to be maintained intact.

Restricted Fund Balance – The portion of fund balance that is constrained to being used for a specific purpose by external parties (such as bondholders), constitutional provisions, or enabling legislation.

Committed Fund Balance – The portion of fund balance that can only be used for specific purposes pursuant to constraints imposed by formal action of the government's highest level of decision-making authority, the Board of Directors. The constraint may be removed or changed only through formal action of the Board of Directors.

Assigned Fund Balance – The portion of fund balance that is constrained by the government's intent to be used for specific purposes, but is neither restricted nor committed. Intent is expressed by the Board of Directors to be used for a specific purpose. Constraints imposed on the use of assigned amounts are more easily removed or modified than those imposed on amounts that are classified as committed.

THE PLAZA METRO DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Equity (Continued)

Fund Balance (Continued)

Unassigned Fund Balance – The residual portion of fund balance that does not meet any of the criteria described above.

If more than one classification of fund balance is available for use when an expenditure is incurred, it is the District's practice to use the most restrictive classification first.

NOTE 3 CASH AND INVESTMENTS

Cash and investments as of December 31, 2022, are classified in the accompanying financial statements as follows:

Statement of Net Position:

Cash and Investments	\$ 604,874
Cash and Investments - Restricted	6,940,837
Total Cash and Investments	<u>\$ 7,545,711</u>

Cash and investments as of December 31, 2022, consist of the following:

Deposits with Financial Institutions	\$ 129,100
Investments	7,416,611
Total Cash and Investments	<u>\$ 7,545,711</u>

Deposits with Financial Institutions

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least 102% of the aggregate uninsured deposits.

The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets maintained in the collateral pools.

At December 31, 2022, the District's cash deposits had a bank and carrying balance of \$129,100.

NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 3 CASH AND INVESTMENTS (CONTINUED)

Investments

The District has not adopted a formal investment policy; however, the District follows state statutes regarding investments.

The District generally limits its concentration of investments to those noted with an asterisk (*) below, which are believed to have minimal credit risk, minimal interest rate risk and no foreign currency risk. Additionally, the District is not subject to concentration risk disclosure requirements for investments that are in the possession of another party.

Colorado revised statutes limit investment maturities to five years or less unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirement.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- * Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- . General obligation and revenue bonds of U.S. local government entities
- . Certain certificates of participation
- . Certain securities lending agreements
- . Bankers' acceptances of certain banks
- * Commercial paper
- . Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- * Certain money market funds
- . Guaranteed investment contracts
- * Local government investment pools

Fair Value Measurement and Application

The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. Investments not measured at fair value and not categorized include governmental money market funds (PFM Funds Governmental Select series), money market funds (generally held by Bank Trust Departments in their role as paying agent or trustee), CSAFE (which are recorded at amortized cost), and COLOTRUST (which are recorded at net asset value).

Debt Authorization

On November 7, 2000, a majority of the qualified electors of the District who voted in the election authorized the issuance of indebtedness in an amount not to exceed \$728,000,000. On May 7, 2002, a majority of the qualified electors of the District who voted in the election authorized the issuance of additional indebtedness in an amount not to exceed \$976,000,000. On November 6, 2007, a majority of the qualified electors of the District who voted in the election authorized the issuance of additional indebtedness in an amount not to exceed \$187,375,000. After the issuance of the Series 2003 bonds, Series 2005 bonds, 2010 Loan, and Series 2013 bonds, the District had authorized but unissued indebtedness in the following amounts allocated for the following purposes:

According to the Service Plan, the District is limited to issuing \$250,000,000 in debt (except for bonds issued for refunding purposes). Per the Consolidated Quinquennial Review filed with the City of Lakewood Manager and the City of Lakewood Finance Director on October 11, 2012, all authorized debt is to be issued within 20 years from the date of authorization for such debt. The Plaza Metropolitan District Nos. 2 and 3 are limited to a maximum debt service mill levy of 25 mills and 20 mills, respectively, as adjusted for changes in the method of calculating assessed valuation. The maximum debt service mill levy imposed at December 31, 2022, for collection of taxes in 2022, as adjusted, is 25 mills for The Plaza Metropolitan District No. 2 and 25.324 mills for The Plaza Metropolitan District No. 3.

The 2000 and 2002 electoral authorizations have expired. No more debt will be issued pursuant to those elections.

Debt Authorization (Continued)

In the future, the District may issue a portion or all of the remaining authorized but unissued debt for purposes of providing public improvements to support development as it occurs within the District's service area.

NOTE 6 NET POSITION

The District has net position consisting of three components – invested in capital assets, net of related debt, restricted, and unrestricted.

Invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation and reduced by the outstanding balances of bonds, mortgages, notes or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. The amounts included in the calculation include only the costs and related debt associated with the parking structures, curb and sidewalk improvements, streets, signage, parks and recreation that are being retained by the District. As of December 31, 2022, the District had invested in capital assets, net of related debt calculated as follows:

Net Investment in Capital Assets:	
Capital Assets, Net	\$ 24,461,714
Noncurrent Portion of Long-Term Obligations:	
Bonds and Note Payable	(25,445,196)
Unspent Bond Proceeds	3,220,470
Net Investment in Capital Assets	<u>\$ 2,236,988</u>

The restricted component of net position consists of assets that are restricted for use either externally imposed by creditors, grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2022, as follows:

Restricted Net Position:	
Emergency Reserves	\$ 3,000
Debt Service	187,499
Total Restricted Net Position	<u>\$ 190,499</u>

The District had a deficit net position as of December 31, 2022. This deficit amount was a result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities and which costs were removed from the District's financial records.

NOTE 7 RELATED PARTIES

In June 2021, B33 Services, LLC purchased the property and all outstanding obligations of SOF-X. A majority of the members of the Board of Directors of the District are officers, directors, employees, representatives, members, or otherwise affiliated with B33 Services, LLC, B33 Belmar II, LLC, Bridge33 Capital LLC, and Belmar Commercial Owner L.P.

Reimbursement Agreement

On June 30, 2016, the District entered into a funding and reimbursement agreement (operations and maintenance) with the Belmar District Development Owner, L.P. which was subsequently assumed by B33 Services, LLC (the Developer), (the 2016 Reimbursement Agreement). On that same date, the prior Developer assigned its rights to reimbursement under the 2016 Reimbursement Agreement to Preston Hollow Capital, LLC. On September 30, 2016, Preston Hollow Capital, LLC further assigned its rights to Bank of the Ozarks. Pursuant to the agreement, the Developer agreed to advance funds necessary to enable the District to fulfill the operations and maintenance responsibilities of the District. On September 12, 2017, Preston Hollow Capital, LLC assigned its rights under the Original Assignment to UMB Bank, N.A., Trustee. The advances are to be repaid along with interest at the rate of 8.5%. The Developer advanced \$1,796,989 and \$3,750,402 of interest accrued on outstanding advances during 2022. As of December 31, 2022, the outstanding principal amount and compounded interest was \$48,151,366.

Management Agreement

On August 25, 2021, the District entered into a management agreement with B33 Services, LLC, to provide property management and maintenance of the facilities within Belmar. The District will pay B33 Services, LLC, \$150,000 per year as a management fee for these services. During 2022, the District incurred expense of \$150,000 in operations and maintenance.

Supplemental Financing Agreement

Effective July 1, 2003, the District entered into the Supplemental Financing Agreement, with the Redeveloper, the City, the Lakewood Reinvestment Authority (LRA) and U.S. Bank (Trustee). Pursuant to the terms of this agreement, the City and the LRA assign all right, title and interest, in the Incremental Property Taxes, the Incremental Sales Taxes, Additional Offsite Incremental Taxes and Interim Additional Offsite Incremental Taxes and the City assigns its rights in the Rebated Lodging Taxes to the District, which has pledged these revenues for repayment of the bonds.

The agreement requires Incremental Property Taxes to be paid based upon the Belmar Outparcels Tax Increment Area as certified by the County Assessor. This is administratively infeasible because the County Assessor only certifies Property Tax Base Amounts for urban renewal areas, and not subsets thereof. Additionally, the assessed valuation was not retained at the time of creation of Alameda Corridor I in 1997. The Assessor's database only reports assessed valuation data back to the 2002 assessment date. Therefore, the most practical way to derive a base valuation is to use the 2002 assessed valuation amounts and discount them by an annual rate of 3% five periods back to 1997 estimated values. In 2022, LRA remitted Outparcels tax of \$391,070 for the current year.

NOTE 7 RELATED PARTIES (CONTINUED)

Supplemental Financing Agreement (Continued)

There is an Annual Bond Requirement Amount, which among other things, includes funding upcoming debt service payments and the debt service reserve that is to be funded by the pledged revenue sources. Per the Section 4.03(d)(i) of the Trust Indenture, a Notice of Bond Revenue Termination is issued annually by the trustee, stating that amounts in excess of the Annual Bond Requirement Amount are not accepted by the trustee and may be remitted to the LRA. Pursuant to this agreement, in 2022, the District remitted \$6,343,819 for the year 2022.

On September 24, 2015, Continuum Lakewood Development Company, LLC, assigned its obligations and benefits to SOF-X U.S. Acquisitions, LLC. In June 2021, the Developer assumed all obligations and benefits under this Agreement.

Solar Panels Agreement

On September 28, 2007, the District entered into an agreement with MMA Belmar Power, LLC (Belmar Power), which allows Belmar Power to lease certain areas within the District, and to construct and install solar panel energy systems at those locations. The locations are generally on the top decks of the Block 2, Block 5, and Block 7 parking garages. Under the terms of the agreement and the related Solar Power Purchase Agreement, Belmar Power will operate the solar panels and the District will purchase the electricity that is generated from the panels from Belmar Power. The District, as owner of the sites where the solar panels were constructed was entitled to rebates from Xcel Energy; however, the District pledged the rebates to Belmar Power pursuant to terms of the agreement. The District received \$400,000 of rebates in 2008, which it then submitted to Belmar Power.

Infrastructure Acquisition and Reimbursement Agreement

On September 24, 2015, the District entered into an agreement with Belmar District Development Owner, L.P. (the Developer). Under this agreement, the Developer agrees to design, construct, and complete the public improvements in compliance with specifications required by the District and other appropriate jurisdictions. The District will be deemed to have incurred an obligation to reimburse the Developer when the Developer has met the requirements of advanced funds on the behalf of the District, the Developer has dedicated public infrastructure on the behalf of the District, or the District acquires public infrastructure from the Developer. The advances are to be repaid along with interest at the rate of 8.5%.

NOTE 8 INTERGOVERNMENTAL AGREEMENTS

PIF Collection Agreement

Retail businesses located within the Project will have a Public Improvement Fee assessed on each of their sales at 2.5%. Pursuant to the terms of the PIF Collection Agreement, entered into on July 1, 2003, the Redeveloper has assigned its rights in PIF Revenues to the District, which has pledged the PIF Revenues for repayment of the bonds. As with the Supplemental Financing Agreement, once certain thresholds are met, the excess amounts are to be remitted to the LRA.

The District, the Developer, the City, the LRA, and the Trustee are the parties to this agreement. By provision of the agreement, all PIF Revenue prior to January 1, 2004, was paid directly to the Redeveloper and was not a source of pledged revenue for the District. PIF Revenue collected after January 1, 2004, was assigned to the District.

Capital Levy Revenues Pledge Agreement

This agreement, entered into on July 1, 2003, amended November 21, 2005, further amended January 23, 2013, between the District and District Nos. 2 and 3, pledges the revenue collected from the District No. 2 and District No. 3 mill levies to the District. These funds are a pledged revenue source for the District's Series 2013 Bonds. The agreement will terminate once certain criteria are met.

District Facilities Construction and Service Agreement

This agreement is between the District and District Nos. 2 and 3, and is dated July 1, 2003. Pursuant to the terms of this agreement, the District is to construct, own, or transfer, and to operate and maintain, public facilities and services within the Districts. District Nos. 2 and 3 are the financing or taxing districts and are obligated to fund the construction and maintenance operations of the District.

On-Street Pay Parking Agreement

On May 14, 2004, the District entered into an agreement with the City that establishes a system for pay parking on City owned public streets within Belmar. Pursuant to the agreement, the District has the authority to establish the fees and time limits associated with the pay parking, and also has the authority to enforce these policies. The parking fees are to be collected by the District and any parking fines for violations are to be collected by the City. These revenues are collectively referred to as "Pay Parking Revenues." The Pay Parking Revenues are to be used first to reimburse the City for its costs associated with the pay parking system, then to reimburse the District for its related costs. Any excess annual revenue that is less than \$600,000 may be used for cultural and community programs within Belmar or for the operations and maintenance of public right-of-ways, public spaces, public parking, arts and cultural facilities and regional transit systems. Any annual revenue in excess of the \$600,000 is to be shared 50% each to the District and the City.

On September 16, 2015, Continuum Lakewood Development Company, LLC, assigned its obligations and benefits to SOF-X Belmar Holdings, L. P.

NOTE 8 INTERGOVERNMENTAL AGREEMENTS (CONTINUED)

Intergovernmental Block 2 and 7 Parking Agreements

By agreements dated July 28, 2003, between the District and the LRA, the parties agree that the District will construct two parking garages, maintain those garages and insure the garages for a defined term. The garage on Block 2 shall be maintained and insured by the District through June 1, 2019, and the garage on Block 7 shall be maintained and insured by the District through June 1, 2048. On December 31, 2003, the Block 2 agreement was amended to extend the expiration date from June 1, 2019, to June 1, 2035. There is also a provision in the Block 7 Agreement that the District must provide a facility that has a minimum of 825 parking spaces that are available to the public during the term of the Agreement. On August 8, 2014, the Block 2 agreement was amended to extend the expiration date from June 1, 2035, to June 1, 2048. The amendment also included a provision for the operating hours.

During May 2004, the District entered into an agreement with the City regarding the maintenance and operations of the public infrastructure located within the District and amended an agreement on October 15, 2009. Pursuant to the agreement, the District will provide the majority of maintenance to the facilities within the District. The District will provide landscape maintenance, sidewalk sweeping, street lighting, and snow removal to streets within the District. There are certain streets within the District that are adjacent only to residential properties on which the City will perform snow and ice control. The City agrees to reimburse the District \$48,000 per year, as inflated on an annual basis per the Consumer Price Index, for snow and ice control and removal. The City also agrees to annually reimburse the District for maintenance and energy utilized for streetlights. In 2022, the District received \$80,845 under the terms of this agreement.

NOTE 9 OPERATING TRANSFERS

The transfer of \$1,837,895 from the Debt Service Fund to the General Fund during 2022 represents excess funds from Pledged Revenues returned to the District based on priority of funds in Section 4.05(b)(ii) of the Trust Indenture, dated January 1, 2013. Additionally, in 2022, \$418,282 was transferred from Debt Service Fund to the General Fund in connection with Series 2013 bond issuance. The money was used to fund O & M expenses. Also in 2022, there was a transfer in the amount of \$1,810,000 from the General Fund to the Debt Service Fund for payment to the Lakewood Reinvestment Authority.

NOTE 10 RISK MANAGEMENT

The District is exposed to various risks of loss related to torts; thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees; or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (the Pool) as of December 31, 2022. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery and workers compensation coverage to its members. Settled claims have not exceeded this coverage in any of the past three fiscal years.

THE PLAZA METRO DISTRICT NO. 1
NOTES TO BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2022

NOTE 10 RISK MANAGEMENT (CONTINUED)

The District pays annual premiums to the Pool for liability, property, public officials' liability, and workers' compensation coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds which the Pool determines are not needed for purposes of the Pool may be returned to the members pursuant to a distribution formula.

NOTE 11 TAX, SPENDING, AND DEBT LIMITATIONS

Article X, Section 20 of the Colorado Constitution, commonly known as the Taxpayer's Bill of Rights (TABOR), contains tax, spending, revenue and debt limitations which apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

In May of 2002, a majority of the District's electors authorized the District to collect and spend or retain, beginning in 2002 and for each subsequent year, all revenues of the District without regard to any limitations under TABOR.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls, or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits will require judicial interpretation.
